

Feedback Obtained 2020-2021

IQAC conducts Mid-term review on teaching and other activities through well-designed feedback system. Feedbacks are collected from students, parents, teachers & alumni on curriculum and quality-related process and analysed critically by IQAC. The data for each question obtained through feedback forms, arranged in Google Spreadsheets and pie charts has been analysed to formulate a plan for future action. IQAC's objective of maximizing participation of students in the feedback process for the term 2020-2021 has been successfully achieved. For more accountability the college undertook a formal and structured feedback by circulating an online questionnaire for students. Any lacuna in activities is instantly resolved by taking required actions. Online feedback becomes particularly important in the case of students coming from outside and differently abled. The teacher's interaction with students takes place through the well implemented process of mentoring and tutoring.

After collecting the online data, analysis is made as per the feedback of the students regarding teaching skill, administration, syllabus, examination, infrastructure, library facilities, reading room, common room facilities, lab facilities, ICT facilities. After analysis suggestions for improvement of all these indicators is forwarded to the respective section.

All the department gives their requirement to the principal regarding their improvement of their department. Again, a committee will consider all these requirements to fulfil the needs as per the budget constraint.

Feedback is collected from the parents through a questionnaire in the parent-teachers meeting. The questionnaire pertaining different questions like infrastructure, reputation, safety and security, implementation of ICT tools, staff positions etc. Then the questionnaire is distributed among the parents. The feedback form is collected from the parents within 10 minutes in order to avoid the biasness. After analysis basing on the frequency of the requisites, the college tries to solve the problems on priority basis.

Alumni feedback is collected at the time of issue of certificate.

The college has a mechanism to obtain feedback of faculty members. Most teachers find the atmosphere in the college to be congenial.

Survey

Students were highly satisfied with regularity of classes. 58.9% gave excellent, remark. Even quality of teaching received an overwhelming response of 70.8%. Across all parameters students were overall satisfied with the college, especially they had given a good response when it comes to their security in the college campus. The college has made significant improvement in academic

excellence with students affirming the quality of classes “very good”, “excellent” as compared to the previous cycle.

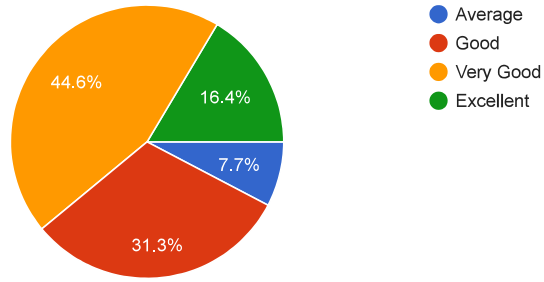

Action Taken:

As per the previous year feedback,

- Ramps are constructed keeping in view the distinctive need of the disabled students.
- Renovation of the prayer hall have been made for the purpose of meditation to enhance the spiritual realization and all-round development of the students.
- Two more smart classrooms are constructed.
